12:01 am **bbbozzz:** @rawn Re: "... build your own custom geolocation app in seconds w/ an iPhone" < Would love more info if you get a chance... Enjoy #ls11!

12:01 am **stuartmcintyre:** No news on Quickr at all today - maybe it will come in the Social KeyNote tomorrow. Lots of QuickrJ customers worried.. #ls11

12:02 am **stuartmcintyre:** Was some news on the connectors in the OGS today - mainly Files in Notes, but only on Windows. Where are Mac and Linux connectors? #ls11

12:03 am **stuartmcintyre:** Again on the positive, Connections Next is due this year and looks great - some really good new initiatives in there. #ls11

12:04 am **stuartmcintyre:** Also, LotusLive Symphony is due later this year - collaborative editing in the cloud. Needs to go beyond Google Apps functionality #ls11

12:07 am **WiseCraig:** Shhhhh don't tell anyone, but it seems the rest of the world doesn't stop while #LS11 is going on. #sorryCan'tHearYouMustBeABadConnection

12:07 am **lekkim:** Amazing!! I actually have cell coverage in the showcase this year #ls11
